There are two ways to check how many bots are in a Telegram channel if you are not an admin of this channel. First of all, you can do it manually by opening the channel and scrolling through the member list to look for any users with a "bot" label next to their name. Then just count the number of users with that label.

How do you check to see how many bots are in a Telegram channel?

Finding a Telegram group on Android

1

Open the Telegram app on your Android device.

2

Tap the search icon in the upper-right corner and type the name of a group or topic that you want to find.

3

You'll see results under Global Search. ...

4

Select the group you want to join and tap the Join button to hop in.
