Best cod of the modern era, not that that saying much. The campaign was

fun enough, 5 , £ with interesting ideas such as dialogue options and branching missions, but overall it's hard to get invested in due to 5 , £ the state of the overarching COD storyline. I'm honestly can't tell if this is solely

in the new MW timeline, 5 , £ a sequel to the old black ops storyline, or some weird fusion of the two that drags the old games 5 , £ into everything.

Not much to say on the MP. I haven't played it since it's year

in the cycle, and games 5 , £ are hard to find, at least on pc/steam. From what I

remember I enjoyed it, especially the 3v3 mode. the 5 , £ overall game feel is bad compared to the MW games, but I think that's not an issue going forward.

Fun 5 , £ for the most part, but SBMM makes matchmaking annoying to participate in, often having the game openly tell you it's 5 , £ searching for games with

100 plus ping at times.

Zombies though, Zombies is genuine great. BO 3 is certainly the peak 5 ,

£ of the original zombies formula, but I dare say I almost like this more, game

play wise. It is sadly missing 5 , £ a lot of the personality of the W@W-BO3, with

MP operators as characters instead of a set crew being the 5 , £ largest problem.

The HUD does also kinda suck, fine in function but lacking any character in the

design. Especially compared 5 , £ to BO3, although I'd say it's still

miles above BO4 with how cluttered that was.

All in all, I'd say it's 5 , £ worth it on sale if you really like

cod zombies and skipped this one. It has a lot of rouge-like 5 , £ elements that

can keep you playing for a while, plus a weapon/camo grind, if you're into

that sorta thing. If 5 , £ you're not a fan of zombies, don't bother.
