The AK117 has been in COD Mobile since its launch and remains

a top-tier AR choice. It has a high rate of

fire and excellent damage over range. The AK117 can take out enemies in just 3-4

shots. It does have some recoil, but the proper attachments can control this.

span>AK117 is a high fire rate assault rifle

with comparatively lower damage and its TTK drops significantly along with the range. This means

AK117 is only effective in close to mid-range without any range boost attachment.
